Porvenir Shareholders' Agreement

On July 28th 2021, a shareholders' agreement was subscribed, whereby Grupo Aval, ultimate parent of Porvenir, became its direct controlling entity. Consequently, Banco de Bogotá will cease to consolidate Porvenir and will begin to account it as an Equity Investment.

Transaction Rationale

- Optimize Grupo Aval's structure, reinforcing its conglomerate nature.
- Allow Banco de Bogotá to increase focus on its core banking operation.
- No changes in Porvenir's shareholder structure.
- Banco de Bogotá continues benefiting from business diversification.
- More efficient use of Banco de Bogotá's capital.

Banco de Bogotá's Updated Structure

Expected Main Impacts for 3Q-21 Consolidated Results

- Asset reduction mainly on Investment and Trading Assets. Porvenir's liabilities will be deconsolidated.
- Consolidated P&L will present lower: fee income, net gains on investments, derivatives & foreign exchange positions and operational expense as Porvenir's results will be recognized through the Equity Method.
- Porvenir's deconsolidation will generate a COP 1.3 trillion profit as the investment will be restated at its fair value at the moment of the transaction, following IFRS standards.
- Improved solvency ratios as profit will add CET1 capital, lower goodwill deductions and lower RWAs.

(1) Banco de Bogotá's ownership in Porvenir includes: 36.5% of direct ownership and 10.4% controlled through Fiduciaria Bogotá. (2) Banco de Occidente's ownership in Porvenir includes: 24.2% of direct ownership and 8.9% controlled through Fiduciaria de Occidente.
